Keeping schools safe

The Corporate Health and Safety Service

18th of March 2024

Corporate Health and Safety

Service Level Agreement

It is not too late to sign up for the Health and Safety Service Level Agreement!

We encourage all SCC Schools to sign up for the New 2024-2025 Service Level Agreement.

Ad-Hoc Services are available to purchase on demand for those who don't wish to sign up. Please contact our [team](#) for information.

The new Schools Health and Safety Service Level Agreement packages for the academic year 2024/25 have been released.

Please note there is still time to sign up to this year's Schools Health and Safety SLA.

Schools can sign up to the Schools H&S SLA at any time of the year, however the SLA runs from 1st April to 31st March annually and therefore the earlier you sign up the more value you get!

The benefits of signing up are considerable and is offered as a Basic service and an Enhanced service.

- The basic service provides access to the Council's online Incident Reporting system (HSMS), which allows the Corporate H&S Service to track your accidents and incidents and where necessary offer appropriate support. It also provides guidance and support in relation to enforcing authorities, such as the HSE, especially in relation to RIDDOR reporting and/or any interventions.
- The Enhanced SLA provides an opportunity for you and/or your governors to meet with someone from the Corporate H&S Service to raise any queries relating to H&S and best practice. It also provides the opportunity for the school to receive a full audit each year to assist you with monitoring the effectiveness of your health and safety management systems and to provide you with assistance towards improving where necessary.

Both H&S SLA packages provide a host of other benefits, including guidance and support from an experienced team of H&S professionals towards assisting you in ensuring you are discharging your statutory and other Health and Safety responsibilities adequately.

For further information on the full benefits of both the Basic Service and the Enhanced Service, please click [here](#). Please note, the new SLA also includes information regarding the Emergency Planning SLA, which may also be of interest to you.

If you have any questions or queries relating to the Health and Safety SLA, please do not hesitate to contact the [Corporate H&S Service](#) for further information.

To sign up to any of the SLA's, please email SLAs@southampton.gov.uk
