

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Blue Badge Holders	On-site design of parking/ pedestrian routes	-	Steep gradient and steep kerbs	Hospital is providing new pedestrian routes on site & will investigate problem areas
Blue Badge Holders	On-site parking quantity, signs/ mgmnt	Hospital	Hospital site as a whole needs more disabled parking	Hospital has added 20 new spaces & will be providing further BB spaces
Blue Badge Holders	On-site parking quantity, signs/ mgmnt	Hospital		Hospital has added 20 new spaces & will be providing further BB spaces
Blue Badge Holders	On-site parking quantity, signs/ mgmnt	Hospital	Not enough parking for disabled badges	Hospital has added 20 new spaces & will be providing further BB spaces
Blue Badge Holders	On-site parking quantity, signs/ mgmnt	-	Query disabled parking availability	Hospital has added 20 new spaces & will be providing further BB spaces
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	-	Are disabled users parking for free on residential streets because they don't want to pay parking charges on site?	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	-	Yellow lines disabled blocking road cars everywhere	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	-	Parking on double yellow lines 10 cars parked.	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	-	Disabled people going for cheaper parking	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	-	Disabled parking blocking driveway access	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Coxford Road	Disabled parking blocks the road all day causing traffic jams. Trucks can't get in to the hospital either	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Dale Road	This road is congested partly due to blue badge holders parking.	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Dale Road	Blue badge holders often parked on DYL for long periods of time	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Olive Road	Red lines (I.E. no parking by anyone at any time) should be around the hospital, Coxford & Tremona Road	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Roads around hospital	On-street parking	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Roads around hospital	Blue Badges does not mean you can leave your car wherever you like	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Springford Road	Disabled person's vehicles park across delivery entrance to PAH and cause major issues with trucks going in/out of PAH and also cause problems for residents trying to gain access or leaving their driveways.	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Springford Road	Frequently disabled person's vehicles parking outside my house	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Springford Road	At junction with Coxford Rd, 10 vehicles parked on DYL mostly BB holders, risk for residents as blocks access for fire engines	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Springford Road	Disabled people parking on Springford Rd	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Springford Road	Disabled parking blocks the road all day causing traffic jams. Trucks can't get in to the hospital either	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Vehicles parked on double yellow lines	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Carry on with the second set of yellows as disabled parking just keeps moving further	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	This roads are congested partly due to blue badge holders parking.	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	On-street parking	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Blue badge holders parking on both sides of roads near Bursledon House, causing obstruction to local traffic, emergency vehicles and vehicles entering/leaving staff car park	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Disabled vehicles parked on DYL	Review of scope of no loading at any time restrictions - extend where are problems
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	A lot of blue badge holders park on DYL	Review of scope of no loading at any time restrictions - extend where are problems
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	On-street parking	Review of scope of no loading at any time restrictions - extend where are problems
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Disabled badge holders blocking road	Review of scope of no loading at any time restrictions - extend where are problems
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Why are blue badge holders allowed to park on Tremona Road and block up the road used to access hospital? The hospital are at fault for charging for blue badge parking on site	Review of scope of no loading at any time restrictions - extend where are problems
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Coxford Road	On-street parking causes congestion/ pinch point	Review of scope of no loading at any time restrictions - extend where are problems
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Warren Avenue	Disabled bay use by non-disabled residents needing enforcement	Review of scope of no loading at any time restrictions - extend where are problems
Blue Badge Holders	Inconsiderate BB parking causing congestion/ obstruction	Coxford Road	Disabled badge holders blocking road	Review of scope of no loading at any time restrictions - extend where are problems
Off-site parking	Staff on-street parking causing parking issues for residents	-	UHS staff attitude, won't pay to park when they can use road for free	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	-	Parking starts at 0700 - no parking for residents or resident's visitors free all day parking and nowhere for trades or visitors	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Alder Road	Stop parking outside my house so I can park THANKS'	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Alder Road	Staff parking causing difficulties for residents	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Arcadia Close	Staff parking causing issues for residents	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Arcadia Close	Taken up by resident parking permits, but not residents	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Bindon Road	Dangerous parking on the corner	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Bindon Road		SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Bindon Road	Staff parking on junction	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Chalybeate Close	Cars parking too close to junction	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Close	Parking by hospital staff causes problems accessing driveway and also parking 1/2 on footway causes problem for passing by mobility scooters, pedestrians with pushchairs	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Close	Hospital staff park along Coxford Close, Bindon Road, Bindon Close from early morning. Residents can not get into their homes. Also dangerous parking on corners	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Close	Hospital staff park along Coxford Close causing issues for residents	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Close	Has signed initial request for RPZ wants an update on progress/ next steps	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Drove	Parking by hospital visitors and staff inconsiderate and makes accessing my drive very difficult.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Drove	Hospital workers parking right up to dropped kerbs, making it dangerous for residents to exit/enter driveways	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Road	Permits restricted to Mon-Fri 8am-6pm as a result I cannot leave the house for fear of having nowhere to park. My partner often has to stay at his mum's because he has nowhere to park his van. I get abuse from other residents if I park in their street. I now suffer anxiety attacks and depression.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Road	On-street parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Road	Restrict on-street parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Road	Weekend parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Road	Parking on road o/s NHS donor	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Road	New regulation have pushed vehicles on neighbouring roads	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Dunkirk Road	Same cars parking everyday blocking driveways	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Hollybrook Cemetery	Staff who don't want to pay to park using cemetery parking that should be available to relatives & friends visiting graves	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	-	UHS Staff block the drop kerb driveway	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	-	Parking on footway outside shop blocking wheel chair	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	-	Cars parked on bends	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Aldermoor Farm	Parking issues	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Aldermoor Road	cars parking on south-side blocking traffic	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Coxford Road	Parking causes congestion, parking on footway 2 wheels on kerb	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Hospital	Staff parking on corners	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Hospital	The staff car park at Dale Rd empty at weekends and yet no parking left in Laundry Rd	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Hospital	Inconsiderate parking by staff	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Larch Road	This roads are both full of hospital staff vehicles making it very difficult for residents for find any parking. The roads around the hospital get clogged with people trying to find parking which impacts the bus series. It is worst between 11am and 3pm. I see the park and ride mini bus often running around half empty. Very fed up (See above)	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Laundry Road	Major issues with over parking and expensive cars are parking in private parking for residents.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Laundry Road	Parking restrictions were not changed last year and the other changes and hospital development has caused parking issues, if not home by 3pm unable to park near house, worse at weekends.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Laundry Road	Cars on pavement, weekend nurses parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Laundry Road	Cars parked all weekend and on pavement	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Laundry Road	Night staff park all evening and do not leave until 8am making it difficult for residents who work nights to park.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Laundry Road	Permits used to be free, penalised because of where we live, only because of SGH, not all streets restricted. Because of hospital parking issues, have to park in other roads or use other resident's driveways because Laundry Road full.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Laundry Road	Cannot park near home, ending up a 15min walk at night with 5yr old daughter and it's dangerous	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Lordswood Road	Due to cars parked on each side narrows road to one lane and vehicles can't see round bend on <i>Dunkirk Rd</i> so then get stuck and have to back out	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Off-site parking	Staff on-street parking causing parking issues for residents	Malwood Av	Where hospital staff parking is obstructing access.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Malwood Ave	On road parking issues, poor visibility, dangerous for schools	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Malwood Ave	RPZ requested, issues with schools	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Olive Road	This roads have lots of parking issues caused by hospital staff.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Olive Road	The new parking facilities have had no effect on parking outside our house, during weekdays it is often impossible to park either here or o/s Shirley Warren Primary School	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Olive Road	Problem parking moved out as it ends near the hospital	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Outer Circle	Hospital workers blocking dropped kerb	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Palm Road	This roads have lots of parking issues caused by hospital staff.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Palm Road	This roads are both full of hospital staff vehicles making it very difficult for residents for find any parking. The roads around the hospital get clogged with people trying to find parking which impacts the bus series. It is worst between 11am and 3pm. I see the park and ride mini bus often running around half empty. Very fed up (See above)	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Queens Road	It is always a struggle to find parking. None of the housing has driveways so residents are reliant on finding on road parking. It's not just hospital staff, there are school staff and parents and residents from Wilton Road. 9am and 3pm it gets really bad.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Roads around hospital	Residents permits	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Roads around hospital	Staff parking in bays	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Roads around hospital	New developments at hospital intensifying parking issues	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Roads around hospital	Parking problems at Green Lane, Ashmead, Rownhams Rd, Lancaster Rd, Palm Rd	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seagarth Lane	On road parking issues, poor visibility, dangerous for schools	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Parking, access and congestion caused by hospital staff parking. Issue raised in 2016 and campaigned for with councillors. Several responses from Richard Alderson about introducing parking permits, explaining that it was on the radar but not as yet a priority and setting out the council policy.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	There is no residential parking as road overrun by hospital staff. If she goes shopping when she returns there is nowhere near her home to park. She is elderly with mobility problems and feels it is unfair	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Corner with Malwood Avenue dangerous as no parking restrictions in this area.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Access for residents very difficult, cars obstruct access to driveways	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Staff park on both sides of the road ALL DAY making it a single lane road	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Corner with Malwood Avenue dangerous	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Staff park across the drop kerb	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Parked up on weekdays, most of the vehicles are driven by people working at the hospital. Often difficult to get out of drive.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	The current free parking causes issues for residents trying to enter/exit driveways safely	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Problem when people park too close, typically once a week unable to access driveway	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Parking issues, dangerous route to school.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	On road parking issues, poor visibility, dangerous for schools	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Issues of hospital staff parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Parking on both sides of Seymour Road & Malwood Ave. On NE side not much frontage, but hospital workers on SW side ignore dropped kerbs.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Hospital staff parking in road and often park from 7.30am to 6pm, drop litter and are often rude and inconsiderate	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Used as a rat run, dangerous at corner with Malwood Ave	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Seymour Road	Where hospital staff parking is obstructing access.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Sports Centre	Public car park at sports centre over run with hospital staff, incl. 8 disabled bays	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Crescent	Can't get to house after work, people can't access driveway, fire engines not able to get down	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Crescent	Uncontrolled zone, problem alleviated by new parking, residual problems very narrow road and people parking in pavement	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Crescent	Bottom end of crescent no parking restrictions, issues with staff parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Drive	Lane off Springford Drive cannot get permits for visitors	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Gardens	Zero staff parking on resident's driveways	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Road	Hospital staff parking outside house weekends and at night for 10 hour shifts, taking all the parking including at the sports centre. Some have parked across driveways and in disabled	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Road	Parking on verges leading to them being chewed up and muddy areas that make the pavement hazardous and damages pavement	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Springford Road	Parking near junction	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Thorndike Road	This is no parking for residents due to hospital staff and visitors. This has spiked since the necessary restrictions were imposed on Coxford Road where there was major problems with pavement parking, double parking causing congestion on a busy bus route.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Thorndike Road	Regular commuter parking completely unsuitable due to narrow road	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Tremona Court	Hospital staff using residents parking, no clamping in place	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Tremona Road	There is no parking near my home due to hospital staff and visitors so when I return at 7pm or at weekends I cannot park. The permit hours do not work.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Tremona Road	On-street parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Tremona Road	Opp. Chalybeate blocked	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Tremona Road	Issues of hospital staff parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Vine Road	Only Mon-Fri permits Saturday/Sunday cannot park in Vine Rd, Springford Rd, Arcadia	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Warren Avenue	Disabled bay o/s SO16 6DU taken up sometimes by non-disabled staff meaning I cannot stop to pick up my severely handicapped brother. Spoke to foreign doctor who was happy to find a space and did not know what a disabled space was. I live in Maybush and drive through 'Little Poland' in Coxford - staff park right up to the corner of roads causing people like me are unable to see round corner to pull out safely. Many in hospital uniform so they should know better and that you do not park within 10m of any corner unless clearly marked.	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Wordsworth Road	Can SCC ask road whether they want a parking permit scheme	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Off-site parking	Staff on-street parking causing parking issues for residents	Wordsworth Road	Staff park from 7am till 6pm	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Hospital	Need to remind staff of the permit evenings & weekends	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	Roads around hospital	Staff parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	-	No organised discussion, 3 different versions regarding parking	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Staff on-street parking causing parking issues for residents	-	Above was seconded	SCC to develop RPZ proposals for streets outside of existing RPZs for consultation
Off-site parking	Review of existing RPZ restrictions needed	-	Abuse at the weekends	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where is residents support
Off-site parking	Review of existing RPZ restrictions needed	-	Double yellow line restrictions not long enough	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where is residents support
Off-site parking	Review of existing RPZ restrictions needed	-	Parking zone	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where is residents support
Off-site parking	Review of existing RPZ restrictions needed	-	Congestion at top of hill near Princess Anne Hospital junction with Springford Road, dangerous to cross	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where is residents support
Off-site parking	Review of existing RPZ restrictions needed	Arcadia Close	Only Mon-Fri permits Saturday/Sunday cannot park in Vine Rd, Springford Rd, Arcadia	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where is residents support
Off-site parking	Review of existing RPZ restrictions needed	Coxford Road	Opposite new car park, staff park all day/night, I can't park within a mile of my home to bring in shopping, take rubbish away. Staff are rude and throw rubbish in hedges, feel trapped as if I get a space I daren't move it	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where is residents support
Off-site parking	Review of existing RPZ restrictions needed	Hospital	Hospital car park empty on weekend Parking at 3pm/4pm long term, especially at weekends 2hr removed, just CPZ	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where is residents support
Off-site parking	Review of existing RPZ restrictions needed	Hospital	Drop off times for hospital drop off bays	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Laundry Road	Over-parking in road meaning permits not useable	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Laundry Road	Voted for extension to have 24/7 permits, there are over 50 houses in favour but the residents in the 100 flats voted against but have their own parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Roads around hospital	On-street parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Roads around hospital	On-street parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Roads around hospital	Permit parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Roads around hospital	24/7 parking restrictions	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Roads around hospital	I would like to know why you can't put a mile zone around the hospital for permit parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Springford Crescent	Issues of hospital staff parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Springford Crescent	Restrict parking at weekends	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Off-site parking	Review of existing RPZ restrictions needed	Springford Crescent	On-street parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Springford Crescent	Had permits between 8am-6pm Mon-Fri which has worked but outside these and at weekends the parking is all taken by hospital staff for the whole time. If residents go out when they return there is nowhere to park and there is never anywhere visitors to park.	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Springford Road	Only Mon-Fri permits Saturday/Sunday cannot park in Vine Rd, Springford Rd, Arcadia	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	The Warren	Why can't permits be 24/7 and limited waiting, areas like Bassett get longer permit zones, feels like we are ignored because 'The Warren' is poor	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	-	We pay permits & can't park 7-days a week. Permit holders only smaller zone to big Zone 7	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	-	Staff parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	-	2-hour limit an issue	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	-	Staff parking	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	-	Double yellow restrictions - available space	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Review of existing RPZ restrictions needed	Roads around hospital	Permits are short term solution as pushing everyone further out	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Off-site parking	Get rid of P&D bays	Coxford Road	Parking on Coxford Road needs making permit only to reduce traffic congestion at peak times	Relocate P&D bays to near cemetery, replace with bus stop clearway/ DYL with no loading at any time
Off-site parking	Get rid of P&D bays	Coxford Road	The on-street P&D parking bays between Tremona Rd and Greywell Ave are creating an increasing problem, especially for buses.	Relocate P&D bays to near cemetery, replace with bus stop clearway/ DYL with no loading at any time
Off-site parking	Get rid of P&D bays	Coxford Road	Pay and display led to blocking up roads that were previously clear	Relocate P&D bays to near cemetery, replace with bus stop clearway/ DYL with no loading at any time
Off-site parking	Get rid of P&D bays	Coxford Road	Pinch point west of junction with Tremona Road, delays to 3 & 17 buses at peak times	Relocate P&D bays to near cemetery, replace with bus stop clearway/ DYL with no loading at any time
Off-site parking	Enforcement	-	Vehicles parking on verge/grass near car park	SCC to review enforcement
Off-site parking	Enforcement	Coxford Road	Wall knocked down and vehicles parking on grass, housing land?	SCC to review enforcement
Off-site parking	Enforcement	Coxford Road	Wall knocked down and vehicles parking on grass verge	SCC to review enforcement
Off-site parking	Enforcement	Warren Avenue	People parking on school zig zags	SCC to review enforcement
Off-site parking	Enforcement	-	No apparent enforcement of staff from hospital causing obstruction by poor parking	SCC to review enforcement
Off-site parking	Enforcement	-	Perception you won't get ticketed	SCC to review enforcement
Off-site parking	Enforcement	Roads around hospital	Lack of enforcement, same cars parked regularly, one ticket per month = 30 days parking for £30	SCC to review enforcement
Off-site parking	Enforcement	Roads around hospital	Lack of enforcement	SCC to review enforcement
Off-site parking	Enforcement	Tremona Road	Residents of 106 have 3 or 4 white vans and consistently park over footway	SCC to review enforcement
Off-site parking	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Stop all parking in Tremona Rd up to double -o	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Off-site parking	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Multiple vehicles parked on DYL without blue badges	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Off-site parking	Inconsiderate BB parking causing congestion/ obstruction	Roads around hospital	Should be hatched / no loading restrictions all the way along	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Off-site parking	Park and ride	-	Develop Park & Ride	Hospital provides P&R (Mon-Fri) for staff who do not meet criteria for on-site staff parking & are considering options for developing it further (staff)
Off-site parking	Park and ride	Hospital	Develop Park & Ride	Hospital provides P&R (Mon-Fri) for staff who do not meet criteria for on-site staff parking & are considering options for developing it further (staff)
Off-site parking	Park and ride	Hospital	Will staff use park & ride if concerned about car security	Hospital provides P&R (Mon-Fri) for staff who do not meet criteria for on-site staff parking & are considering options for developing it further (staff)
Off-site parking	Park and ride	Hospital	Park & Ride	Hospital provides P&R (Mon-Fri) for staff who do not meet criteria for on-site staff parking & are considering options for developing it further (staff)
Off-site parking	Park and ride	Hospital	Park & Ride	Hospital provides P&R (Mon-Fri) for staff who do not meet criteria for on-site staff parking & are considering options for developing it further (staff)
Off-site parking	Park and ride	Hospital	What's the park & ride facility for patients?	Hospital provides P&R (Mon-Fri) for staff who do not meet criteria for on-site staff parking & are considering options for developing it further (staff)
Off-site parking	Misc	Hospital	Why can't the hospital discipline staff who park in the community like Waites construction - if staff park in surrounding area of a site they are hauled into the office	Hospital have increased amount of on-site staff parking and offer Park & Ride to discourage parking in residential areas
Off-site parking	Misc	Hospital	Patients parking in CP8, residents told this was for parents	Patients/ visitors able to park in blue, orange & yellow car parks & P&D areas
Off-site parking	Misc	Laundry Road	Private Driveways along Road are not long enough so a number of cars protrude out into the footway	SCC to review enforcement
Off-site parking	Misc	Roads around hospital	Dropped kerbs	Drop kerb facility is available to all residents wishing to pay to have one installed
Off-site parking	Misc	Dale Valley Road	Vehicle turning out of Lordswood Rd are having to mount pavement at this location to make a turn due to vehicles parking along Dunkirk Road	SCC to review double yellow line restrictions & extend where parking is causing obstruction problems where practical
Traffic / Congestion	Car park access queues	Coxford Road	Can't get by traffic at junction	SCC to consider options for junction improvements and likely costs.
Traffic / Congestion	Car park access queues	Coxford Road	right turners cause congestion	SCC to undertake periodic traffic surveys to monitor situation
Traffic / Congestion	Car park access queues	Roads around hospital	Coxford Road & Tremona Road	SCC to undertake periodic traffic surveys to monitor situation
Traffic / Congestion	Car park access queues	Roads around hospital	Coxford/Laundry/Tremona	SCC to undertake periodic traffic surveys to monitor situation
Traffic / Congestion	Car park access queues	Roads around hospital	People queuing to get into main car park orange (1) and chokes all other roads	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Car park access queues	Tremona Road	Barrier to new entrance - 5 cars lined up will block the road	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Car park access queues	Tremona Road	Car park gates - bottle neck. Not working properly at Tremona car park entrance causing delays	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Car park access queues	Tremona Road	Always queues at rush hour into car park causing queues down Tremona Road	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Car park access queues	Tremona Road	Queuing traffic to get into orange car park, backing up to Coxford Rd from the north, buses 3 & 17 get delayed as cannot pass.	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Car park access queues	Tremona Road	Barriers into Tremona Road to ease tailbacks	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Car park access queues	Tremona Road	Stuck in a queue from Tremona Road if want to get around main site	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Car park access queues	Coxford Road	New traffic survey required to look at queuing in Coxford Road	SCC to undertake periodic traffic surveys to monitor situation

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Traffic / Congestion	Car park access queues	Hospital	Parking restricting access, people accessing car park cause delays because of barrier	Now blue patient/visitor car park is open more are now using, reducing queues into orange. At peak times parking assistant directs cars to blue
Traffic / Congestion	Inconsiderate BB parking causing congestion/ obstruction	Lordswood Road	This roads are congested from 8am to 4pm every day. The hospital's continued expansion has to stop. Dale Valley Road is a rat run. Blue badge holders parking causes more congestion. :	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Traffic / Congestion	Inconsiderate BB parking causing congestion/ obstruction	Roads around hospital	Traffic concerns, ambulance access issue	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Traffic / Congestion	Inconsiderate BB parking causing congestion/ obstruction	Seymour Road	No passing area as parking on both sides of the road	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Traffic / Congestion	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Congestion making access for ambulances difficult	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Traffic / Congestion	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	This roads are congested from 8am to 4pm every day. The hospital's continued expansion has to stop. Dale Valley Road is a rat run. Blue badge holders parking causes more congestion. :	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Traffic / Congestion	Inconsiderate BB parking causing congestion/ obstruction	Tremona Road	Congestion causing issues for ambulances	City Council to review "no loading at any time" restrictions & extend where BB parking is causing congestion problems where practical
Traffic / Congestion	Rat running traffic	Dale Road	This roads are congested from 8am to 4pm every day. The hospital's continued expansion has to stop. Dale Valley Road is a rat run. Blue badge holders parking causes more congestion. :	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support. SCC to commission traffic counts, speed data and review accident data and evaluate the results.
Traffic / Congestion	Rat running traffic	Dale Valley Road	Our road is being used as a rat run, speeding, congestion, causing access problems for residents. Cars parking longer than allowed, no enforcement. Most of the working week congestion. Increasing pollution. Speeding cyclists coming down hill stop us turning right on roundabout for fear of accident. The hospital should be investing in traffic management if they keep growing. Dale Valley Road should have measures to stop rat running	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support. Additionally, SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Rat running traffic	Dale Valley Road	Used as a rat run/through traffic	SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Rat running traffic	Seymour Road	Used as a rat run	SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Rat running traffic	Seymour Road	Route used as rat run by traffic avoiding Hill Lane roundabout	SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Rat running traffic	Seymour Road	Speeding & rat running	SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Rat running traffic	Springford Crescent	Used as a through route/short cut	SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Rat running traffic	-	Rat running to avoid Winchester Road	SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Get rid of P&D bays	Laundry Road	Used as a rat run by hospital staff but no passing spaces between speed restricting build outs since Council installed P&D which cannot be used with permits	SCC to commission traffic counts and speed data, to review accident data and parking provisions, and evaluate the results.
Traffic / Congestion	Vehicle speed issues	-	Absence of 20mph urban speed limit	SCC to commission speed data, to review accident data and evaluate the results.
Traffic / Congestion	Vehicle speed issues	-	Speeding around corners	SCC to commission speed data, to review accident data and evaluate the results.
Traffic / Congestion	Vehicle speed issues	Coxford Road	Speeding	SCC to commission speed data, to review accident data and evaluate the results.
Traffic / Congestion	Vehicle speed issues	Laundry Road	Traffic calming cobbles not effective	SCC to commission traffic counts and speed data, to review accident data and evaluate all the results.
Traffic / Congestion	Vehicle speed issues	Laundry Road	Speeding & volume of traffic, 2-way movement an issue	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support. SCC to commission traffic counts and speed data, to review accident data and evaluate the results.

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Traffic / Congestion	Junction congestion	Coxford Road	The congestion at the junction with Tremona Road needs addressing	SCC to commission traffic counts (including turning movements) and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Junction congestion	Maybush Corner	Junction Romsey Road/Rownhams Rd,/Coxford Rd, congestion could be reduced by replacing traffic signals at Maybush corner with a roundabout. Also the ambulances using Romsey Rd cause a huge amount of noise pollution. Can the ambulances please use Lordshill Way where there is less obstruction and less need to use their siren	SCC to monitor congestion at junction and consider options for improvement if problems identified
Traffic / Congestion	Junction congestion	Springford Crescent	Hold ups at junction	SCC to monitor congestion at junction and consider options for improvement if problems identified. SCC to commission traffic counts (including turning movements) and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Junction congestion	Springford Crescent	Can't turn right morning or afternoon, doesn't seem to reduce congestion night time parking issue	SCC to monitor congestion at junction and consider options for improvement if problems identified. Additionally, SCC to commission traffic counts (including turning movements) and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Junction congestion	Tremona Road	Traffic direction	SCC to monitor congestion and consider options for improvement if problems identified. SCC to commission traffic counts (including turning movements) and speed data, to review accident data and evaluate results.
Traffic / Congestion	Junction congestion	Winchester Road	Signals at Winchester Rd/Dale Rd/St James Rd doesn't appear to have optimised timings, supposed to have MOVA to adjust timings to different flows of traffic, not responsive enough	SCC to monitor congestion at junction and consider improvements if problems identified. SCC to commission traffic counts and speed data. SCC to review accident data, traffic signal phasing data and evaluate all the results.
Traffic / Congestion	Park and ride	-	Park & Ride essential to improve parking issues	Hospital provides P&R (Mon-Fri) for staff who do not meet criteria for on-site staff parking & are considering options for developing it further (staff)
Traffic / Congestion	Misc	-	Illegal crossovers	SCC to review accident data & prioritise locations where improvements are required.
Traffic / Congestion	Misc	-	General expansion without supporting infrastructure	SCC to monitor congestion and consider options for improvement if problems identified. SCC to commission traffic counts (including turning movements) and speed data, to review accident data and evaluate results.
Traffic / Congestion	Misc	Coxford Road	Make Coxford Rd link capacity better, better route for traffic	SCC to review/ extend 'no loading at any time' restrictions where practical to improve flow of traffic.
Traffic / Congestion	Misc	Coxford Road	Bus access	SCC to review/ extend 'no loading at any time' restrictions where practical to improve flow of traffic.
Traffic / Congestion	Misc	Coxford Road	Road width	SCC to review/ extend 'no loading at any time' restrictions where practical to improve flow of traffic.
Traffic / Congestion	Misc	Coxford Road	Congestion	SCC to review/ extend 'no loading at any time' restrictions where practical to improve flow of traffic.
Traffic / Congestion	Misc	Coxford Road	Congestion	SCC to review/ extend 'no loading at any time' restrictions where practical to improve flow of traffic.
Traffic / Congestion	Misc	Dale Road	Dangerous to cross road	SCC to commission pedestrian counts, traffic counts and speed data, review accident data and evaluate the results.
Traffic / Congestion	Misc	Dale Road	Pedestrian access very difficult due to traffic heavy and footpath narrow for 2 people to pass. Less than 1/2m wide in places.	SCC to commission pedestrian counts, traffic counts and speed data, review accident data and evaluate the results.
Traffic / Congestion	Misc	Hospital	Sitting in traffic a lot longer when trying to get home or to cemetery	SCC to commission traffic counts and and evaluate the results on perimeter roads to the hospital.
Traffic / Congestion	Misc	Laundry Road	Laundry Road not built to handle amount of traffic now endured, numerous cars mounting pavement as nowhere else to pass	SCC to commission traffic counts and speed data, to review accident data and evaluate the results.
Traffic / Congestion	Misc	Maybush Corner	Junction Romsey Road/Rownhams Rd,/Coxford Rd, 4 - 5 buses delayed, congestion	SCC to review accident data, traffic signal phasing data & discuss with bus operators and evaluate the results.

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Traffic / Congestion	Misc	Olive Road	Turned into a single lane death race every weekday, despite 'improve' parking provisions	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Traffic / Congestion	Misc	Rowan Court, Winchester Road	The noise pollution from ambulances has increased greatly, congestion blocking ambulances. The noise was not an issue when we moved here in 2009.	SCC to review/ extend 'no loading at any time' restrictions where practical to reduce congestion on Dale Rd/ Tremona Road
Traffic / Congestion	Misc	Springford Crescent	Congestion	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Traffic / Congestion	Misc	Springford Crescent	Isolated as only access via Coxford Rd which is chockablock with traffic not moving. Mon & Fri not as bad as Tue-Thurs 10am to 8pm	SCC to review/ extend 'no loading at any time' restrictions where practical to improve flow of traffic
Traffic / Congestion	Misc	Springford Road	All the traffic from hospital causes massive damage to the roads and the pot holes are very dangerous particularly to motor bike riders	SCC to advise maintenance team who will inspect
Traffic / Congestion	Misc	Tremona Road	No further vehicles bottom end of Tremona Road as some bungalows are on edge of valley. If vehicles heavy and for speed causes big shudders	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Traffic / Congestion	Misc	Tremona Road	Too much traffic & parking on Tremona Road, dangerous with traffic trying to squeeze through	SCC to review/ extend 'no loading at any time' restrictions where practical to reduce congestion on Dale Rd/ Tremona Road
Traffic / Congestion	Misc	Tremona Road	Congestion	SCC to review/ extend 'no loading at any time' restrictions where practical to reduce congestion on Dale Rd/ Tremona Road
Traffic / Congestion	Misc	Tremona Road	People driving on pavement	SCC to review/ extend 'no loading at any time' restrictions where practical to reduce congestion on Dale Rd/ Tremona Road
Traffic / Congestion	Misc	Warren Avenue	Lot of trade lorries	Hospital works closely with suppliers to encourage responsible routing to/ from site.
Traffic / Congestion	Misc	Warren Crescent	Roundabout near Ice House dangerous, no-one knows who's right of way, been knocked of bike here!	SCC to review accident data and evaluate the results.
Traffic / Congestion	Misc	Winchester Road	Issues accessing by car into flat (Oakfield Gardens) opposite Wordsworth Rd heavy tail backs	SCC to monitor congestion on Winchester Rd corridor.
Hospital Site issues	On-site parking quantity & operation	Hospital	Needs a multi-storey car park	Hospital have increased parking provision for visitors/patients and staff
Hospital Site issues	On-site parking quantity & operation	Hospital	Parking for disabled persons – more required	Hospital has added 20 new spaces & will be providing further BB spaces
Hospital Site issues	On-site parking quantity & operation	Hospital	The sign opp. A&E for blue car park in non-optimal space, hard to see.	Hospital /SCC to review signage locations
Hospital Site issues	On-site parking quantity & operation	Hospital	Dropping off points not clear/ insufficient	Hospital to review signage for drop off points
Hospital Site issues	On-site parking quantity & operation	Hospital	Contractor parking	Hospital asks contractors to park in marked bays.
Hospital Site issues	On-site parking quantity & operation	Hospital	New MSCP	Hospital have increased parking provision for visitors/patients and staff
Hospital Site issues	On-site parking quantity & operation	Hospital	Disabled parking	Hospital has added 20 new spaces & will be providing further BB spaces
Hospital Site issues	On-site parking quantity & operation	Hospital	Lack of disabled bays	Hospital has added 20 new spaces & will be providing further BB spaces
Hospital Site issues	On-site parking quantity & operation	Hospital	Disabled parking used to be free, now charging so forces them out onto the road	Hospital has added 20 new spaces & will be providing further BB spaces. Policy is that all patients/ visitors need to pay for parking.
Hospital Site issues	On-site parking quantity & operation	Laundry Road	Are SGH going to create more entrances/exits from CP to Laundry Road?	Hospital will not be doing so.
Hospital Site issues	On-site parking quantity & operation	Hospital	The lack of disabled parking within the hospital is forcing me to park on double yellow lines as a blue badge holder. I cannot access main car park due to queuing and even when I do it is so expensive.	Hospital has added 20 new spaces & will be providing further BB spaces
Hospital Site issues	On-site parking quantity & operation	Hospital	Car park needs to be bigger/ indicate spaces	Hospital have increased parking provision for visitors/patients and staff
Hospital Site issues	On-site parking quantity & operation	Hospital	When staff CP full directed to MSCP, but taken out of CP via Laundry Rd exit not internal road, was traffic measured to determine if a viable route for hospital staff.	Hospital have reduced number of vehicles exiting this way by 50% & further reductions planned.
Hospital Site issues	On-site parking quantity & operation	Hospital	Parking charges	Hospital reviews/ updates parking charges each year
Hospital Site issues	On-site parking quantity & operation	Hospital	Parking charges	Hospital reviews/ updates parking charges each year
Hospital Site issues	On-site parking quantity & operation	Hospital	Too expensive for clinics	Hospital reviews/ updates parking charges each year
Hospital Site issues	On-site parking quantity & operation	Hospital	Minimum cost of parking in oncology	Hospital reviews/ updates parking charges each year

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Hospital Site issues	On-site parking quantity & operation	Hospital	Volunteer parking needed	Hospital provides parking permits for volunteers.
Hospital Site issues	On-site parking quantity & operation	Hospital	Open staff car park at weekends for visitors as only 1/2 full at weekends	Hospital to review whether this could be possible
Hospital Site issues	On-site parking quantity & operation	Hospital	When children's A&E opens where will visitors park?	Hospital have increased parking provision for visitors/patients and staff
Hospital Site issues	On-site parking quantity & operation	Hospital	Should have sorted problems 5-10 years ago, more buildings means less parking spaces	Hospital have increased parking provision for visitors/patients and staff
Hospital Site issues	On-site parking quantity & operation	Hospital	Staff in retail outlets? Do they have access to P&R, bus discounts etc	All staff working at the hospital site are treated the same way.
Hospital Site issues	On-site parking quantity & operation	Hospital	Why is car park always empty on weekends?	Hospital promoting staff use of on-site car parks at weekends through revisions to permits
Hospital Site issues	On-site parking quantity & operation	Laundry Road	Why do staff get given permits to park?	Hospital sets clear criteria for staff permits for on-site car parks & P&R. Staff living near hospital not eligible.
Hospital Site issues	On-site design of parking/ pedestrian routes	Hospital	Car park directional signage is confusing/wrong/points to parking you cannot access	Hospital has improved directional signage. New entrance to blue car park now open.
Hospital Site issues	On-site design of parking/ pedestrian routes	Hospital	Blue car park not shown clearly enough, visitors going to staff car park then turning into Tremona Road	Hospital has installed Variable Message Signage directing visitors to blue car park.
Hospital Site issues	On-site design of parking/ pedestrian routes	Hospital	Patient signage across the site	Hospital investigating options for improving clarity of signage across the site
Hospital Site issues	Site egress not well designed	Laundry Road	Car park exit very dangerous as blind-sided.	Hospital have halved the number of cars leaving via this exit & will ask staff to exit with care
Hospital Site issues	Site egress not well designed	Vine Road	Minibuses exiting hospital very quickly	Hospital staff/ community transport to be reminded to exit site with care
Hospital Site issues	Site egress not well designed	Laundry Road	Position of exit is dangerous	Hospital have halved the number of cars leaving via this exit & will ask staff to exit with care
Hospital Site issues	Site egress not well designed	Laundry Road		Hospital have halved the number of cars leaving via this exit further reductions planned & will ask staff to exit with care
Hospital Site issues	Site egress not well designed	Laundry Road	Was advised exit would be temporary - why is this permanent?	Hospital have halved the number of cars leaving via this exit further reductions planned & will ask staff to exit with care
Hospital Site issues	Site egress not well designed	Hospital	Staff exiting the car park are coming too fast (due to barriers) and are not looking for pedestrians	Hospital have halved the number of cars leaving via Laundry Rd exit further reductions planned & will ask staff to exit with care
Hospital Site issues	Site egress not well designed	Hospital	Left turn out of car park	Not clear which car park referring to or nature of problem.
Hospital Site issues	Helipad	Hospital	Helicopter noise/pollution	Helipad access for air ambulance is necessary.
Hospital Site issues	Helipad	Hospital	Position of helipad dangerous?	Helipad access for air ambulance is necessary.
Hospital Site issues	More cycle parking needed	Hospital	Facilities available	Hospital carries out audits of level of use of cycle racks. Additional racks can be installed where is high demand.
Hospital Site issues	More cycle parking needed	Hospital	Cycle racks for visitors. Yo bike scheme?	Hospital carries out audits of level of use of cycle racks. Additional racks can be installed where is high demand. Discussions held with Yo Bike.
Hospital Site issues	Misc	Laundry Road	Why have SGH bought & demolished properties that were suitable for habitat?	Hospital has seen growth, which Estates team are working to accommodate.
Bus Stops / Services	Get rid of P&D bays/ Move bus stop locations	Coxford Road	Bus stop on Tremona Road causes cars to pile up	SCC to look at removal/ relocation of P&D bays.
Bus Stops / Services	Parking causing pedestrian access obstructions	Eye Hospital	My disability means car parks at the hospital are too far from destination, bus services only stop at Princess Anne Hospital leaving an even longer walk. There is no bus from Shirley to the eye hospital.	Bus services are matter for commercial operators. UniLink services to be re-routed to penetrate further into site.
Bus Stops / Services	Parking causing bus access obstructions	Olive Road	Excessive parking in Olive Road has led to cancellation of bus service as they just can't get through	SCC to raise issue at meeting with bus operators.
Bus Stops / Services	Get rid of P&D bays/ Move bus stop locations	Tremona Road	Move bus stop	SCC to discuss with operators views on relocating stop to corner by cemetery so congestion is reduced
Bus Stops / Services	Get rid of P&D bays/ Move bus stop locations	Tremona Road	Move bus stop	SCC to discuss with operators views on relocating stop to corner by cemetery so congestion is reduced
Bus Stops / Services	Get rid of P&D bays/ Move bus stop locations	Tremona Road	Location of bus stop does not help	SCC to discuss with operators views on relocating stop to corner by cemetery so congestion is reduced
Highway Maintenance	Carriageway/ footway repairs required	Coxford Crescent	Road surface in very poor condition, although one way used by a lot of van traffic.	SCC highway delivery team to work with maintenance contractor to investigate

Hospital Access Plan - Summary of all comments and feedback from residents engagement 21 November 2017

Theme/ Category	Sub-cat	Location/ Road	Issue/Comment	What we are going to do
Highway Maintenance	Carriageway/ footway repairs required	Coxford Road	Especially between Tremona Road & Greywell Ave road surface quality is very poor and forces cyclists out into the centre of the road to avoid potholes	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Carriageway/ footway repairs required	Coxford Road	Dropped kerbs not flush with road and not wide enough forcing wheelchair users onto carriageway to cross entrance road, safety issues. Also similar on Vine Road	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Carriageway/ footway repairs required	Coxford Road	Road surface in eastbound direction east of Tremona Road junction in poor condition	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Carriageway/ footway repairs required	Laundry Road	State of pavement deteriorated due to cars mounting pavement in order to pass one another.	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Carriageway/ footway repairs required	Outer Circle	Customer & a number of his neighbours want to install dropped kerbs as not able to park on-street near house, the quote of £2,500 is too much, few years ago £300	SCC has set of standard costs for dropped-kerb installation. SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Carriageway/ footway repairs required	Ross Gardens	Thank you for well-designed dropped kerb at junction of Warren Crescent	Positive feedback noted.
Highway Maintenance	Carriageway/ footway repairs required	Warren Avenue	Traffic calming road hump not at intervention level?	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Carriageway/ footway repairs required	Warren Avenue	Big puddles on footway, east side	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Carriageway/ footway repairs required	Winchester Road	Problems as a pedestrian with buggy crossing Winchester Rd, also lack of pedestrian phase/dropped kerbs to cross Dale Road, Warren Ave junction, Tebourba Way etc.	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Street Cleansing	Coxford Drive	Not been swept for months	SCC highway delivery team to work with maintenance contractor to investigate
Highway Maintenance	Street Cleansing	Wordsworth Road	Flooding on road because leaves not collected	SCC highway delivery team to work with maintenance contractor to investigate
Cycling	Better / safer cycle infrastructure needed	-	Concern over roundabout & safety over right of way	SCC to look at accident statistics involving cyclists on highway network around hospital.
Cycling	Better / safer cycle infrastructure needed	-	Continued dangerous cycle access to hospital	SCC working to improve cycle network in vicinity of hospital.
Cycling	Better / safer cycle infrastructure needed	Winchester Road	Shared use paths either side of toucan crossing, has cycle phase but no cycle paths in order to reach it	SCC implementing scheme to remedy this.
Cycling	Unsafe cyclist behaviour	-	Cyclists causing issues, running lights and across right turns	SCC to investigate options for enforcement action with Police.
Cycling	Unsafe cyclist behaviour	Dale Road	Speed of cyclists going down Dale Rd from Hospital to Winchester Rd	SCC to look at accident statistics involving cyclists on highway network around hospital.
Pollution	Misc	Hospital	The plant for air conditioning generates a lot of noise disturbance at night, affecting quality of life	Hospital to monitor.
Pollution	Misc	Roads around hospital	Big posters for air quality but no information on future plans	Hospital to produce more information on steps being taken
Pollution	Misc	Seymour Road	Hospital parking led to road being single lane, cars have to stop/start creating more pollution	SCC to carry out comprehensive review of existing RPZ restrictions & make changes where residents support
Communication	Post-event comms	-	Couldn't attend but would really like to see the exhibition material to understand about all the changes.	SCC to publish this on website in March
Communication	Post-event comms	-	How will feedback from this event be communicated?	SCC to publish this on website in March
Communication	Location of event not easy to find	-	Trying to find where the 'consultation' is being held was a task in itself	Hospital provided signage on the day. Apologies for this.
Communication	Post-event comms	-	Please notify residents of the consultation meeting - date, time & venue	SCC to write to residents with an update in March
Communication	Post-event comms	-	Absolute waste of time, no consulting - already decided	
Communication	Post-event comms	-	The fact you can't even do your signs correctly shows the contempt you have for the residents	SCC and the Hospital value the feedback given by residents and will work to address all issues raised.
Communication	Staff on-street parking causing parking issues for residents	-	Too few Council folk and too many angry residents	SCC and Hospital representatives were on hand to discuss issues with residents.
Communication	On-site parking quantity, signs/ mgmnt	-	Induction - told to park in X & Y road	Hospital to review messages given to new starters on parking.
Communication	Post-event comms	-	Neighbours could not make exhibition, please share around via email a pdf pf slides & boards so they can be shared	SCC to publish this on website in March
Communication	Parking causing access obstructions	Laundry Road	Consultation with Cllrs & residents regarding permanent entrance for car park	Hospital have halved the number of cars leaving via this exit further reductions planned & will ask staff to exit with care
Communication	Pre-event comms not good enough	Lordswood Road	I live in Lordswood Road neither I nor neighbours received notification of this meeting	Letters were sent to residents across a larger area surrounding the hospital.
Communication	Post-event comms	Warren Avenue,	Will there be a formal consultation process/meeting with interested stakeholders when the feedback has been itemised?	SCC to publish all feedback from residents on website in March with action taken.
