# More than Words

**Children who find communication  
difficult, find life difficult**

**Over 1 million children in the UK  
struggle to get their message across.  
Imagine life for those that struggle  
to communicate.**

## Challenge

**Put yourself in their shoes:**

**Can you ...**

- Do your weekly shop without speaking or writing?
- Do your job for an hour without speaking?
- Spend an evening without speaking?
