

Glebe Road Play Area Improvement Bid 2025

Southampton City Council are working with Abri Housing Association in a bid to secure funding to rejuvenate the tired play area in Glebe Road.

We are joining forces with Abri, who are supplying the required "seed funding" required for the bid for funding from Veolia Environmental Trust.

If successful a new £80,000 play area will be built on the existing site this year. It will include play equipment for ages 2yrs +. The play builders Kompan use recycled plastics, including lost fishing nets to build durable play structures. It would include swings, slides and an accessible roundabout, along with connected safety surfacing so all the play elements can be accessed in all weathers.

We will find out in June whether the bid has been successful.

Chapel Estate Glebe Road Sustainable Materials

Introducing Our Play Planet: A Sustainable and Ecological Future Playground Concept!

KOMPAN GreenLine versions are designed with ultimate environmentally friendly materials with lowest possible CO2e emission factor. TexMade post, EcoCore™ panels of 95% post-consumer recycled waste and molded PP decks.

Chapel Estate Nature Play
